- **Open PowerPoint** if you want to copy images.

- **Email** articles, documents, PowerPoint to yourself.

Evaluation of Sources

- Content

- Credibility

- Timeliness

- Relevant to topic
- Focused information
- College level

- University Press books
- Peer-Reviewed Journal article
- Suggested readings at end of textbook chapters
- Scholarly web sites from domains .edu .gov .org

- Should be recently published in health/medicine
- 2008+

Save **urinary system**

The organ system that includes the kidneys, ureters, bladder, and urethra. The kidneys form urine from blood plasma by filtration, reabsorption, and secretion. The formation of urine includes the excretion of waste products, but the kidneys also regulate the water and mineral content and the acid-base balance of the blood and all other body fluids. The other organs of the system are concerned with the elimination of urine after it has been formed. SEE:

# Find Books using the
Library Online Catalog

If the book is a print source, you'll be told its:

- **STATUS** Is it available and on the shelves, or checked out?

- **LOCATION** e.g., Main Stacks, Reference, Reserve

- **CALL NUMBER** The number on the spine of the book that shows where it is shelved, as well as the subject area.

- **No call number information?**

- You have accessed an **electronic book**. E- books are the same content as print books. Read them 24/7 online.

- You need to use your library card number to read them.

Developing Keywords for Periodical Search

- *Primary structures & functions of system*
- *Common diseases*
- *Common procedures related to the system.*

From text:
- *Medical Terminology Simplified, 4th ed.* Pages 122-23.

- OSA (obstructive sleep apnea)
- Airway obstruction, patients stop breathing multiple times each night.
- Results in sleep deprivation, fatigue
- Condition most commonly in middle-aged, obese men who snore excessively.

Find Periodical Articles

Health and Medicine Databases

Academic Search Premier- Full text for nearly 4,700 primarily scholarly publications, and indexing for an additional 4,000 titles.

Alt HealthWatch - Contains full text for 180 publications and many other sources covering non-traditional and alternative medicine topics.

CINAHL PLUS with Full text –*Cumulative Index to Nursing and Allied Health Literature*
Provides indexing for over 3000 journals in nursing and allied health, plus full text for over 300 journals.

Health Source Nursing/Academic - Provides nearly 550 scholarly full text journals focusing on many medical disciplines, and includes the Clinical Pharmacology database.

Medline - Provides abstracts from over 4,800 current biomedical journals, including citations from Index Medicus, Index to Dental Literature, and more.

CINAHL search and result list

Academic Search Complete search tips

- Here is a search for articles about culture and childbirth.

- Using the asterisk (*) after the letters **cultur*** means that the search will retrieve words beginning with those letters, i.e., **culture** and **cultures** and **cultural**.

- Notice that the search is limited to full text articles and articles in scholarly peer-reviewed journals.

Evaluation: Web Sites

If you have an article published in a peer-reviewed online journal, you're good to go.

However…

No content, nor publication standards on the web.

Anyone can publish, and DOES!

Remember your questions about

Content

Credibility

Timeliness

Additional questions to ask…

- Does the site link to other credible sources?
- Have cited references?
- Are the author's credentials listed?
- Mission statement/"about us" link for the organization?
- Published by reputable organization's web site?
- Biased? One point of view?
- Personal/monetary gain?
- Commercial ads?
- Poor spelling or grammar?
- Current? Check for updates or copyright date (usually at bottom of page)
